Silver Spring, MD — October 7, 2016 — Region MV Education Service Center in Abilene, Texas, announced A&T Systems, Inc. (A&T)—an Advanced Consulting Partner and Government Competency Partner in the Amazon Web Services (AWS) Partner Network (APN), Authorized Government Reseller and Value Added Reseller—as the Awardee for the National Cooperative Purchasing Alliance (NCPA) Contract for Cloud Collaboration and Storage Services. This contract is effective immediately and valid through August 31, 2019, with a provision to renew annually for an additional two years.

State & Local Governments and Non Profits can now rely on A&T for Discounted Cloud Usage Fees and various Cloud Services including Cloud Architecture, Migration, Design, Security, Deployment and Managed Services.

NCPA is a nationwide government purchasing cooperative working to reduce the cost of goods and services, by leveraging the purchasing power of public agencies in all 50 states. There are over 90,000 agencies nationwide from both the public and non-profit sectors including K-12, Higher Education, City, County, State and all Non-profit organizations, that are eligible to utilize NCPA's cooperative purchasing contracts.

A&T's AWS Cloud Practice is made up of a community of highly experienced cloud architects and engineers who provide usage, governance, DevOps guidance, managed services and cloud consulting to government clients such as the Department of State, U.S. Geological Survey (Department of the Interior), District of Columbia Health Benefit Authority (DCHBX), National Nuclear Security Administration (NNSA), National Institutes of Health (NIH) and others. We provide more than 40,000 AWS Contract Line Item Numbers (CLINs), Cloud Managed Services, AWS Marketplace offerings and Consulting Labor Categories.

A&T's DevOps Services helps organizations with Best Practices for Agile development on an AWS PaaS infrastructure. Our Managed Services help customers with the AWS Shared Responsibility Model where we deliver services for cloud governance, security, patch management, compliance management, operations & maintenance, log management, architecture, 24x7 monitoring, backup & storage, disaster recovery, optimization, and migration.

About A&T Systems

A&T Systems, Inc. is an IT and Telecom Infrastructure Solutions company with deep expertise in managing cloud computing and mobility requirements. It is an AWS Advanced Consulting Partner, an AWS Government Competency Partner and an Authorized Government Reseller Partner/VAR that holds AWS' Letter of Supply for all AWS CLINs on its GSA Schedule 70 and contracts, as a small business. A&T is authorized to provision and operate workloads in the GovCloud (US) Region. A&T supports and is technical consultant and advisor for cloud implementations in multiple organizations architecting and providing Governance with AWS cloud services for a variety of workloads including enterprise applications, high-performance computing, analytics, storage, maintenance and monitoring, backup, disaster recovery, and web & application. **For more information, visit www.ats.com.**
